

11th -14th June 2018 | Caparica | Portugal

ULTRASONICS 2018

III International Caparica conference on ultrasonic-based applications: from analysis to synthesis

Conference Topics

Ultrasound in Analytical Chemistry and Food Chemistry
Ultrasound in Organic and Inorganic Synthesis
Ultrasound in Synthesis of New Materials: Studies and Applications
Ultrasound in Biomedicine and Biochemical Applications
Ultrasound and Physics and Physics Applications
Ultrasound and Environmental Applications
Ultrasound and Engineering

Plenary Speakers

Kullervo Hynynen - University of Toronto (Canada)
Jun-Jie Zhu - Nanjing University (China)
Aharon Gedanken - Bar-Ilan University (Israel)
Gail ter Haar - Institute of Cancer Research (UK)
Daniel Razansky - Technical University of Munich and Helmholtz Center (Germany)
Andreas Mandelis - University of Toronto (Canada)

Contacts

Carlos Lodeiro
cle@fct.unl.pt
José Luís Capelo
jlcm@fct.unl.pt

Venue

Hotel Aldeia Capuchos, Golf & Spa
