

# Hands-on Course in Data Analysis for Proteomics

- **Data Analysis in Proteomics**

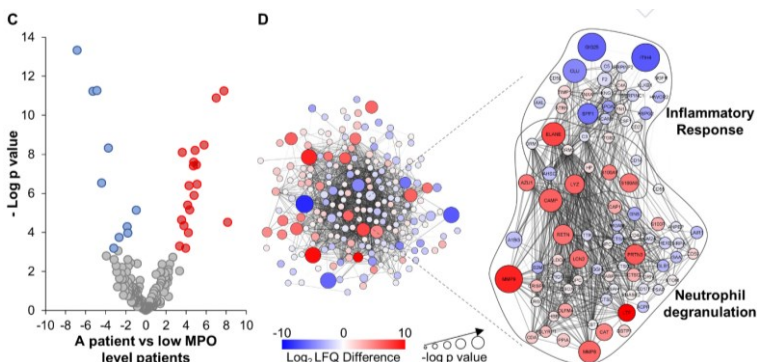

Cytoscape Software Platform  
ClueGO - StringApp  
Reactome and KEGG databases

- **Module I – Bioinformatic tools tutorial (2h).**

A step-by-step personalized tutorial class with a model proteomics dataset (dataset I).

- **Module II – Practical exercises (2h).**

A step-by-step guided tutorial class with a model proteomics dataset (dataset II).

29<sup>th</sup> September, 2021

II edition
