POLLUTANT TOXIC IONS & MOLECULES

6th International Caparica Conference on Pollutant Toxic Ions & Molecules 2025

2nd - 6th November 2025
Caparica, Portugal

PLENARY SPEAKERS

Franz Jirsa | University of Vienna | Austria
Philiswa Nomgongo | University of Johannesburg | South Africa
Damiá Barceló | University of Almeria | Spain
Pilar Bermejo-Barrera | University of Santiago de Compostela | Spain
Begoña Espinha Barbeitos | International Iberian Nanotechnology Lab | Portugal
Joanna Burger | The State University of New Jersey | USA
Teofil Jesionowsky | Poznań University of Technology | Poland

CONFERENCE TOPICS

Metal ions, Organic ions, Inorganic ions | Methods of analysis
Catalytic elimination | Emerging pollutants | Nano and Microplastics
Restoration and treatment of contaminated sites | Health effects
Toxic Molecules | Monitoring systems | Waste management
Remediation and Bioremediation | Medical treatments
Environmental contamination | Environmental control and prevention
