POLLUTANT TOXIC IONS & MOLECULES

7th International Caparica Conference on Pollutant Toxic Ions & Molecules 2027

7th - 11th November 2027

Caparica, Portugal

CONFERENCE TOPICS

Metal ions, Organic ions, Inorganic ions | Methods of analysis
Catalytic elimination | Emerging pollutants | Nano and Microplastics
Restoration and treatment of contaminated sites | Health effects
Toxic Molecules | Monitoring systems | Waste management
Remediation and Bioremediation | Medical treatments
Environmental contamination | Environmental control and prevention
