

TRAINING AND CONSULTING

@ **BIOSCOPE RESEARCH GROUP**

Organized by ProteoMass Scientific Society in cooperation with the BIOSCOPE Research Group and the Faculty of Science and Technology of the NOVA University of Lisbon.

All information can be downloaded from our website <http://www.bioscopegroup.org/index.php/activities/courses>. | <https://youtu.be/tw1ndUXNobl>

Custom-designed courses for groups can be organized. Please contact Dr. J.L. Capelo (jlcm@bioscopegroup.org) or Dr. C. Lodeiro (clodeiro@bioscopegroup.org).

Proteomics & Nano-Bio-Applications WINTER SCHOOL

January 25th-27th 2016

V Hands-on course in nanoparticles studies: from fluorescence and biochemical tools to MALDI-MS techniques applied to coated metal nanoparticles ★

January 27th-29th 2016

III Hands-on course in sample preparation using nanoparticles for proteomics ★

★ Registration fees: 450 Euros (course manual, 1 lab-coat, and coffee breaks). Φ Registration fees: 350 Euros (course manual, 1 lab-coat, and coffee breaks); Groups with 2-3 persons have a 10% discount, groups with 4 or more persons have a 25% discount. Ψ This two modules can be combined, registration fees: 600 Euros (course manual, 1 lab-coat, and coffee breaks).

February 1st-3rd 2016

VI Hands-on course in ultrafast sample treatment for proteomics ★Ψ

February 4th-5th 2015

II Hands on course in 18O-based protein quantification for proteomics ΦΨ
