

LNCaP

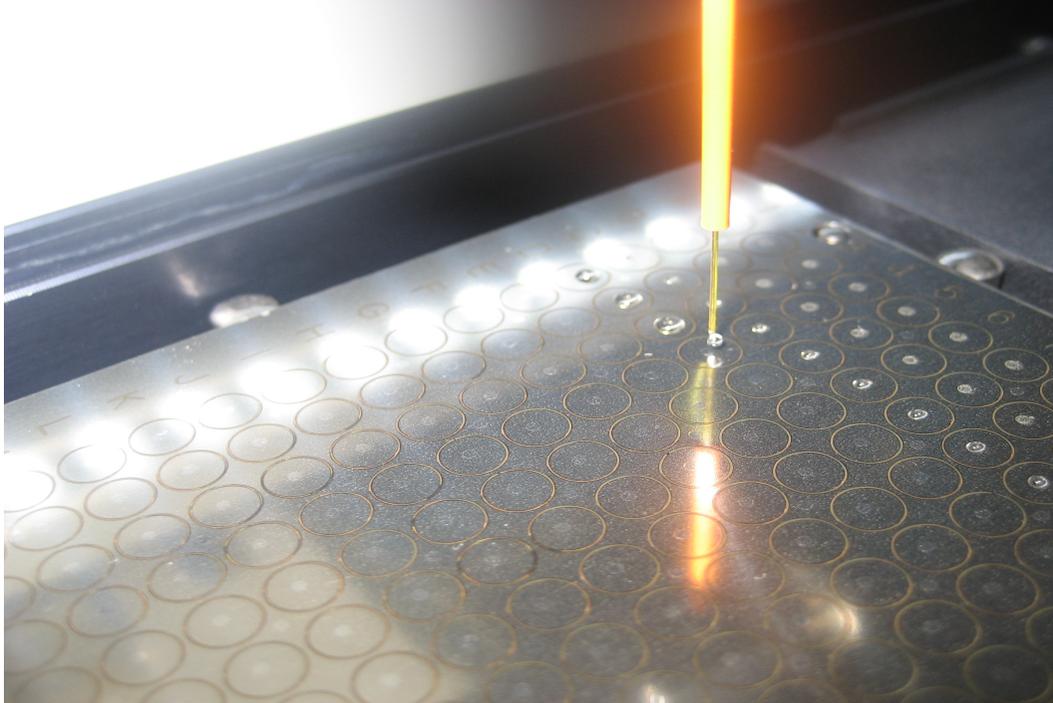

TRAINING AND CONSULTING

@ BIOSCOPE RESEARCH GROUP

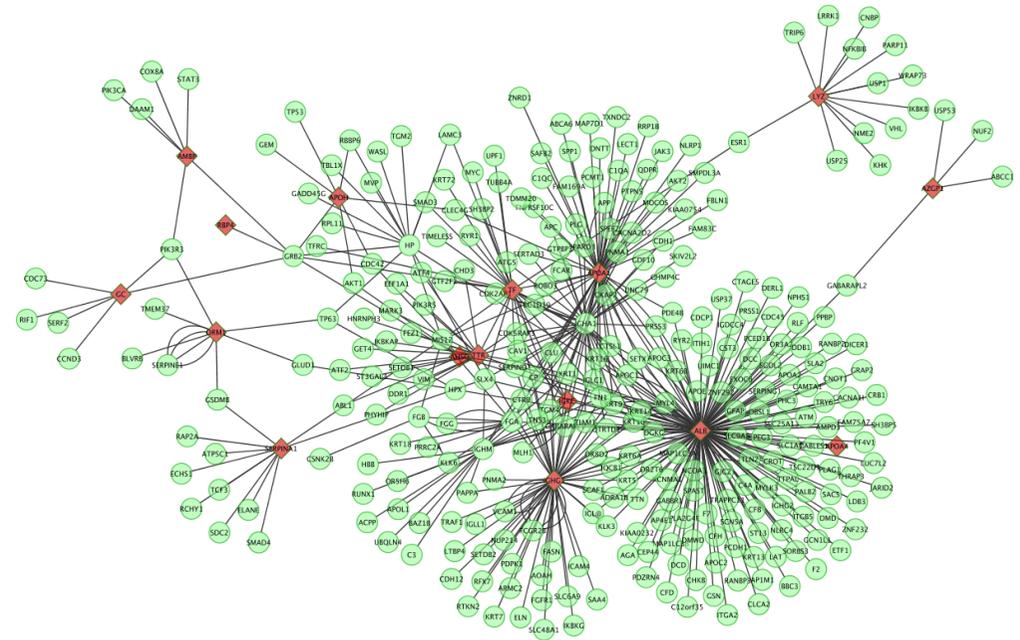

Organized by PROTEOMASS Scientific Society in cooperation with the BIOSCOPE Research Group and the Faculty of Science and Technology of the University NOVA of Lisbon.

All information can be downloaded from our website <http://www.bioscopegroup.org/index.php/activities/courses>

Custom-designed courses for groups can be organized. Please contact Dr. J.L. Capelo (jlcm@bioscopegroup.org) or Dr. C. Lodeiro (clodeiro@bioscopegroup.org).

FACULDADE DE
CIÊNCIAS E TECNOLOGIA
UNIVERSIDADE NOVA DE LISBOA

2018 Proteomics & Nano-Bio-Applications WINTER SCHOOL

February 26th-28th 2018

IX Hands-on course in ultrafast sample treatment for proteomics ★

<http://www.bioscopegroup.org/index.php/activities/courses>

March 5th-7th 2018

VIII Hands-on course in sample preparation using nanoparticles for proteomics ★

<http://www.bioscopegroup.org/index.php/activities/courses>

★ Registration fees: 450 Euros (course manual, 1 lab-coat, and coffee breaks). Groups with 3 persons have a 10% discount, groups with 4 or more persons have a 20% discount.
